EXPERIENCE

Mobile Developer | 2024

PT. Younexa Inti Materials

- Developed a warehouse management application, streamlining inventory tracking and order fulfillment processes.
- Designed and implemented user-friendly interfaces, significantly reducing training time for warehouse staff.
- Developed barcode scanning and automated reporting features to streamline inventory control and improve accuracy, working autonomously on all aspects of the solution.

Chief of Education Division, Information System Student Association | 2024 - 2025

Del Institute of Technology

- Organized workshops and training sessions, including alumni sharing experience programs to provide additional insights and inspiration for students in the Information Systems department.
- Developed and executed an inter-faculty programming competition, encouraging collaboration and healthy competition among students, and enhancing their practical coding skills.
- Mentored team members to improve leadership and organizational abilities, creating a supportive and growth-oriented environment.

Chief of Documentation Division, Study Orientation and Campus Introduction | 2023

Del Institute of Technology

- Led a team of 2 members to document all activities during the week-long orientation program, ensuring complete coverage and high-quality media output.
- Coordinated with event organizers to capture key moments effectively, producing a comprehensive visual record of the event.
- Designed logos, graphics, and materials that represented the values and objectives of the orientation, ensuring that each design element carried meaningful symbolism.

Member of Documentation and Multimedia Division, Election Commission Committee | 2023

Del Institute of Technology

- Assisted in creating multimedia content, including promotional materials and event recaps, to increase student awareness and participation in the election process.
- Worked collaboratively to design graphics and visuals that aligned with the commission's goals, maintaining consistent branding throughout the campaign.

Teaching Assistant for Visual Programming | 2023

Del Institute of Technology

- Coordinated practical sessions for the Visual Programming course, ensuring students followed the curriculum in a structured and effective manner.
- Facilitated communication between students and instructors, addressing questions and ensuring smooth progression through lab sessions.
- Monitored student progress and provided individualized feedback to help them improve their programming skills and successfully complete projects.

Teaching Assistant for Computer Architecture and Organization | 2024

Del Institute of Technology

- Assisted in conducting lectures and practical sessions, helping students understand complex topics such as CPU architecture, memory management, and I/O systems.
- Guided students in completing lab exercises and assignments, ensuring they grasped the practical applications of theoretical knowledge.
- Worked closely with the course instructor to develop engaging course materials, including quizzes and exercises, to assess and reinforce students' understanding effectively.

EDUCATION

Del Institute of Technology | 2022 - 2026

Information System

- GPA: 3.35

PROJECT

Warehouse | Android Application

PT. Younexa Inti Materials | 2024

D'Mantis | Web Application

PT. KPP Mining | 2024

Facility Maestro | Web Application

Course Project, Del Institute of Technology | 2024 - Now

Web Portfolio

2023 - 2024

SKILL

- Leadership
- Communication
- Team Collaboration
- Android Developer
- Web Developer
- MySQL
- C Language

LANGUAGE

- Indonesian
- English
